PRESS NOTE.

Nominations for Elections to Legislative Councils.

Nominations for elections to Legislative Councils would be facilitated if prospective candidates bear the following points in mind.

1. *Constituency to be mentioned in entries 7 and 8 of the nomination paper.*—Under Section 6 (1) of the Representation of the People Act, 1951, a person, in order to be qualified to fill a seat in the Legislative Council of a State, has to be an elector for any Assembly Constituency in that State, and the law does not require that he should be a voter for any Council Constituency. It therefore follows that entries 7 and 8 in the nomination paper of a Council candidate have to be filled with reference to the Assembly constituency and the roll thereof in which such candidate's name is registered.

2. *Entries 1, 10 and 14.*—In entry 1, of the nomination paper, however the name of the particular Council Constituency in which the candidate is seeking election must of course be given. Similarly in entries 10 and 14 relating to the proposer and seconder also, the serial numbers are to be given with reference to the particular Council constituency electoral roll where the proposer's and seconder's names are registered. Under the law the proposer and seconder of a candidate will have to be persons who are registered as voters in the same Council constituency from which that candidate is seeking election.

3. *Verification.*—A Returning Officer has to be satisfied that a candidate seeking election to a Council seat in a State is an elector for an Assembly constituency in that State. It would therefore be safer for a candidate even before he files his nomination paper to keep ready with him either a copy of the electoral roll in which his name is included or a certified copy of the relevant entries of such roll.

4. *Date of Election.*—The month and the year in which the notification for the election has been issued should be given on the top of the form.

5. *Specification of Election Agent.*—Even when a candidate appoints himself as an election agent, he should specify his name in the form relating to the appointment of electionagent:—
